TO ALL INTERESTED AGENCIES, GROUPS AND PERSONS:

On or about May 2, 2018, the County of Erie on behalf of Millcreek Township will submit a request to the U.S. Department of Housing and Urban Development (Pittsburgh PA Office) for the release of Community Development Block Grant (CDBG) funds under Title I of the Housing and Community Development Act of 1974, as amended, to undertake the following project:

Project Name: Millcreek Township Sidewalk Accessibility Project- Phase VI

Project Number: (B-17/16-MC-42-0107)

Project Location: The project location is community-wide. The specific locations where curb-cut ramps will be removed /replaced have not yet been determined, but no ramps will be constructed in a designated floodplain.

Project Description: FY 2017 CDBG funds plus residual FY 2016 CDBG monies will provide for the removal, design, and replacement of approximately 140 curb-cut ramps at various locations throughout Millcreek Township. Each ramp will be designed in the field to accommodate existing conditions and sidewalks. They will conform to ADA standards regarding running slope and cross slope as well as the inclusion of detectable warning surfaces (truncated domes). A level landing will be required at the transition between the existing sidewalk and new ramp for a turning area. Each ramp will be thoroughly inspected once completed. The contractor will also install an asphalt transition area connecting the newly installed ramp to the existing roadway surface to assure sidewalks are truly accessible. These asphalt transitions will be removed when the roadway is resurfaced by the township at which time compliant crosswalks will be installed. Millcreek Township is under a consent decree to remove/replace approximately 1,400 curb-ramps by 2022. The proposed project is the 6th phase of a multi-phase program of curb-cut ramp removal/replacement utilizing the Township's CDBG funding.

Purpose of Project: Title II of the Americans with Disabilities Act (ADA) requires state and local governments to make pedestrian crossings accessible to people with disabilities by providing curb ramps. Without these ramps, sidewalk travel and street crossing can be difficult, dangerous and in some cases impossible for people who use wheelchairs, scooters, and other mobility aids. These ramps will improve pedestrian flow in all areas of the Township, particularly in residential neighborhoods and school areas.

Funding Source / Amount: \$177,216 in FY 2017 CDBG funds *plus* \$4,212.40 in FY 2016 residual CDBG monies for a total of \$181,428.40 (+/-).

The activity proposed is *Categorically Excluded* under HUD regulations at 24CFR Part 58 from National Environmental Policy Act (NEPA) requirements. An Environmental Review Record (ERR) that documents the environmental determination for this project is on file at the Erie County Department of Planning, where the ERR can be examined or copied weekdays from 8:00 A.M. to 4:30 P.M.

PUBLIC COMMENTS

Any individual, group, or agency may submit written comments on the ERR to the Erie County Department of Planning at the above listed address. **All comments received by May 1, 2018 will be considered by County Planning prior to authorizing the submission of a Request for Release of Funds.**
