12/21/11

Twenty three of the top 25 townships, by population, have only 2 public voting meetings per month. Millcreek has 4. Millcreek Supervisors devote twice as much time to township public work in a month than the other 23 townships. One township has 3 meetings per month. Five of the townships having 2 meetings per month devote the time of one meeting to study of agenda items prior to voting on the agenda at voting meeting.

The opportunity for public communication and input is double also, since the public is asked to comment at each meeting.
